

The listing of claims will replace all prior versions, and listings, of claims in this application:

**Listing of Claims:**

**Claim 1 (currently amended):** Automatic dishwasher, especially for built-in kitchenettes, comprising a cabinet (10) and equipped with a front door (11) that seals the wash tub (18) housing at least one first (20) and one second (21) spray arm for washing the dishes placed in at least one rack (19), said tub being closed on the bottom by a downward sloping panel (22) that directs the wash water into a sump hopper (23) which serves to collect and drain the water, wherein said first and second spray arms are disposed vertically beneath said rack (19) adjacent said sloped panel (22), characterized in that the first spray arm (20) essentially extends coaxially with the sump hopper (23) while the second spray arm (21) is positioned above the sloped panel (22) with its axis of rotation extending at a right angle to said panel.

**Claim 2 (original):** Dishwasher as in claim 1, characterized in that the sump hopper (23) serving to collect and drain the wash water is located in an off-center position on the bottom of the wash tub (18).

**Claim 3 (original):** Dishwasher as in claim 1 or 2, characterized in that the plane of rotation of the second spray arm (21) partly extends underneath that of the primary spray arm (20).

**Claim 4 (previously presented):** Dishwasher as in one of the preceding claims, characterized in that the door (11) extends across the full width of the cabinet (10) and that one single rack (19) serves to accommodate a standard load of dishes.

Appl. No. 10/525,627  
Amdt. dated September 10, 2007  
Reply to Office action of April 10, 2007

**Claim 5 (previously presented):** Dishwasher as in one of the preceding claims, characterized in that the door (11) is a solid component provided with a trim panel (15).

**Claim 6 (previously presented):** Dishwasher as in one of the preceding claims, characterized in that the door (11) features a transparent window (16) and an outside handle (17).
